

# EtherNet/IP field bus coupler

Web server tool;  
two RJ45 Ports; 100 Mbit/s

EtherNet/IP™ is a widespread, real-time capable Industrial Ethernet fieldbus system.

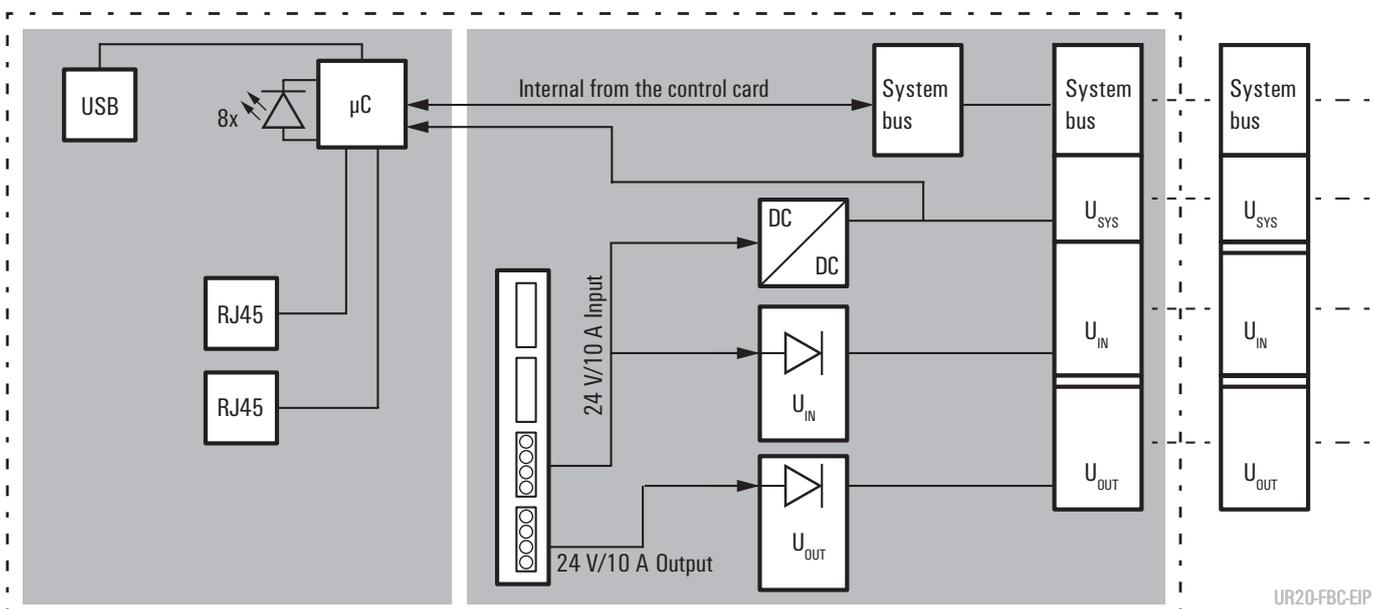

It is based on standard Ethernet technology such as TCP and UDP so it provides in addition to the transmission of unicast messages between two participants, the possibility of sending I/O data via multicast cyclically to multiple recipients. The UR20-FBC-EIP from Weidmüller is a field bus coupler designed in accordance with IEC 61158 and is an EtherNet/IP participant. With options for connecting up to 64 u-remote participants, it serves as the head module for the u-remote system bus.

The coupler can be activated with a system-independent web server application via the USB service interface or the Ethernet ports. All information such as diagnoses, status values and parameters can therefore be read out. All connected inputs can also be simulated or outputs set. The system's initial power supply is already integrated in the field bus coupler. Power is supplied via two 4-pin connectors, separated into the input and output current paths.

Since the EtherNet/IP products from Weidmüller make full use of all the latest technological possibilities, such as diagnosis options, they actively support your application in the most important tasks – from engineering and commissioning to fault diagnosis.

More Performance. Simplified.

Technical data

System data	
Connection	2 x RJ-45
Field bus protocol	Ethernet/IP
Process data	max. 2*494 Byte
Parameter data	max. 64*64 Byte
Diagnostic data	max. 64*47 Byte
Max. number of I/O modules	64
Configuration interface	USB 2.0
Transmission rate of field bus	100 Mbit/s
Transmission speed of u-remote system bus	48 Mbit/s
Supply	
Supply voltage for system and inputs	24 V DC +20 % / -15 %
Supply voltage for outputs	24 V DC +20 % / -15 %
Feed current for input modules, max.	10 A
Feed current for output modules, max.	10 A
Current consumption (I <sub>N</sub> in power segment of field bus coupler), typ.	112 mA
General data	
Weight	220 g
Dimensions (H/W/D)	120 mm (with catch lever 128 mm) x 52 mm x 76 mm
